REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 2-8, 26-32, 50-56, 74-80 and 97-120 renumbered to claims 1-52 are allowable over the prior art of record.

The examiner has found that the prior art of record does not teach or suggest or render obvious a system, method, apparatus or program storage device managing IP addresses for allocating and reallocation comprising: requesting usage data from local IP pools and using high watermarks and low watermarks of the pool to indicate measurement of a maximum and minimum of the number of IP addresses used by the network edge device in updating one or more of the local IP address pool databases and a global IP pool database based usage data and thresholds being reached in a data communications environment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
